REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2012-2013 year has been exhilarating for Jefferson Elementary School. We have worked diligently to "spark potential and inspire success" in our students as well as our faculty, staff and community. We are extremely proud to be a part of an Advanc-Ed accredited school system. Our school system performs at or above the expected level on all standards. Jefferson is also honored to receive a letter grade of "A" for our test scores from last year.

We all work together to provide a diverse, innovative education in a safe environment enabling students to become responsible citizens in a global society. Community members are involved with our students through the Lunch Buddies program. Area businesses allow release time for employees to mentor children throughout the school year. In addition, organizations such as York County Emergency Management along with private individuals sponsor monthly clubs for students on Fantastic Friday. Clubs expose students to various trades, skills, and crafts to widen their background of experience. We have stressed the qualities of good citizenship through our character education program. Examples include participation in service activities such as recycling paper and plastics, Pennies for PATH, Jump Rope for Heart, and Relay for Life. Students receive monthly instruction on character traits such as honesty, perseverance, respect and wisdom.

During the 2013-2014 school year, we will promote college and career readiness for our students through continued focus on four target areas: 1) data-driven instruction, (2) literacy across the curriculum, (3) extra time/extra help for students, and (4) technology to enhance instruction. Our plan of action includes increasing the percentage of students meeting target growth on MAP, retooling our instruction to meet the requirements of the Common Core State Standards, providing intervention services for struggling students, expansion of character education to include bullying, and promoting the use of available technologies to enhance instruction. We will also increase our focus on a safe and secure environment through updated safety procedures and building upgrades.
